

ITIC facilitates the **advancement of technology development** in the E&E industry, through industry-driven collaborations with resources and expertise pooling, with goals to localise high-value components and boost **value-added contributions**.

Innovation partner:

Shared Equipment & Tools

- Mi-Vision AOI: AI-Based Inline Quality Control
- Oscilloscope
- Multimeter
- Test Chamber
- Picoammeter
- Network Analyzer
- Signal Analyzer
- Function Generator
- Soldering Station
- Spectrum Analyzer
- Signal Generator
- Logic Analyzer
- Source Measurement Unit
- DC and AC Current Source
- Power Supply
- AC/DC Electronic Load
- Programmable AC Power Source
